Fire Damage Restoration

RELIABLE | HIGH QUALITY | HONESTY | TRUSTWORTHY

When fire strikes, the aftermath can be traumatic for everyone involved. Smoke, fire, and water causes significant damage to the building structure and the contents inside. This makes the cleanup both dangerous and difficult. Instinctively you want to go in, start the cleanup process yourself, and retrieve personal belongings of value. It is always better to call a professional fire restoration company like Wright Restoration Services Inc. because we provide complete fire restoration services, and we stand ready to help when you need us the most.

Our Fire Damage Restoration Process

- Immediate 24/7 emergency services.
- Triage the situation on the phone so we can dispatch our team immediately.
- Board up damaged areas in order to secure the property and prevent further damage.
- Use environmentally safe methods to clean soot and residue caused by the fire.
- Remove and secure damaged contents to restore your personal possessions.
- Professional grade equipment is used to extract water from extinguishing the fire and is transferred to tanks stored on trucks for remote disposal.
- Environmentally safe products and practices are used as we thoroughly clean, disinfect and deodorize the area.
- Deep cleaning and treatment of the affected areas according to industry standards and EPA-approved products to prevent mold and mildew.
- Reconstruction of the affected area.

Wright Restoration Services Inc. is licensed, bonded, and insured. We are IICRC Certified (Institute of Inspection, Cleaning and Restoration Certification) company along with all of our technicians. If you are looking for highly rated fire restoration experts, please call us now at 610-HELP-NOW and one of our team members will assist you further.
