-John M.

Decontamination Services

RELIABLE | HIGH QUALITY | HONESTY | TRUSTWORTHY

Wright Restoration Services Inc. specializes in disinfection and sanitization services for commercial and residential buildings exposed to contamination caused by infectious diseases or viruses. Our surface decontamination services are safe, and we use state of the art sprayers and solutions that can kill 99.99% of pathogens which include viruses and bacteria and there is no harmful residue and our Disinfection and Sanitation services also meet CDC guidelines.

Our Decontamination Services Include

- Center for Disease Control (CDC) guideline approved sanitization and decontamination solutions.
- Medical grade equipment is used for every decontamination project we work on.
- To ensure proper safety protocols, all employees are required to wear Personal Protective Equipment (PPE).
- Deep cleaning on all porous and non-porous surfaces.
- Provide you with expert recommendations so when we complete the decontamination, you may take measures to maintain your property according to CDC guidelines.
- Carefully inspect everything we touch and make sure we have sanitized and decontaminated the property.

Wright Restoration Services Inc. is licensed, bonded, and insured General Contractor. We are an IICRC Certified (Institute of Inspection, Cleaning and Restoration Certification) company and our technicians have decades of experience and If you are looking for highly recommended sanitization and disinfection services, please call us now at 610-HELP-NOW and one of our team members will assist you further.
